## NORTH COUNTRY HIGHLIGHT: ENSURING OPPORTUNITIES FOR OUR YOUTH

**Collaborating in new ways is the key to addressing complex community issues.**

A great example of this is the partnership between Granite United Way and Copper Cannon Camp to enrich the lives of the under-served and low-income youth of New Hampshire by providing a quality, tuition-free camp experience. This program even offers support for grandparents who are raising their grandchildren. Activities, meals, staff, facilities, and everything else associated with their camp are as high quality as for-profit New England camps.

Copper Cannon Camp and Granite United Way have been partnering for many years. The program has received grant funding and are heavily involved in the Working Better Together collaboration in the North Country. Copper Cannon Camp is a state-wide organization serving children from Salem to Pittsburg to the Upper Valley and across to Portsmouth. Thanks to the support they receive through Granite United Way generous donors, more children are able to attend this quality camp.

***“Granite United Way has been fantastic in helping in areas you don’t even think about. If there is a community need they will try to jump in and help as best they can.”***
