Introduction and Overview

During these unprecedented times, Granite United Way is pleased to announce the availability of two-year funding for fiscal years 2020 and 2021. Granite United Way provides grants to improve lives and strengthen the communities it serves, with a specific focus on improving opportunities to Learn, Earn, and Be Healthy. Granite United Way welcomes and encourages our agency partners to share how they have been able to and will continue to innovate in order to provide services to the communities they serve.

Granite United Way’s application process involves two steps:

- **The Request for Qualification (RFQ) process** requires interested agencies to provide information about the agency’s financial position and governance practices. Qualified partners are included in Granite United Way annual campaign materials, listed in the State Employees Charitable Campaign information, and invited to participate in Granite United Way’s volunteer opportunities. **Qualification is also a requirement for all organizations seeking funding from Granite United Way.** For information about these requirements, please see page 6. This process opens on June 29, 2020 and closes on July 14, 2020 at 4pm.

- **The Request for Proposal (RFP) process** allows agencies to request two years of funding to support programs aligning with Granite United Way’s Learn, Earn, and Be Healthy framework. **Please see page 12 for additional information about these focus areas.** This process opens on June 29, 2020 and closes on July 24, 2020 at 4pm.
  - This process requires applicants seeking funding to respond to narrative questions and provide a three-year program budget.
  - For information about these questions and requirements, please see page 13.
Grantmaking Conditions and Selection Process

Granite United Way recognizes that resources are limited and seeks to demonstrate that its funding decisions have a measurable and maximum impact on its communities through measurable change. Granite United Way’s funding helps local non-profits create lasting solutions to critical health and human services issues in their communities, and this funding often supports collaborative efforts to avoid duplication of resources.

Granite United Way’s recently updated strategic plan reaffirms the organization’s commitment to harnessing the power of local communities to identify and address local concerns. To this end, volunteers in each of the six regions seeking proposals have identified focus areas for applications to improve their communities’ concerns. For a list of the towns that make up each region of Granite United Way, please see page 5.

Selection

All applications are reviewed by local volunteers in a structure defined by local volunteer leadership. The merits of each proposal will be evaluated individually. Because the reviews are done locally, it is possible that a program seeking funding in more than one geographic area will receive funding in some, but not all of the geographic areas. Please be concise when writing your application as it is being read by volunteers.

Grant funding decisions are based on the following:

- Granite United Way priorities for each region and results for the 2019 Campaign
- Organizations and program resource capabilities
- A program's strengths and weaknesses, including its viability
- The program's specific impact on residents in our service area
- Potential impact of GUW funding on program outcomes and fund leveraging

The reviewing volunteers will make funding recommendations to the local Community Impact Committee (CIC) volunteers; local CICs will, in turn, make recommendations to the Granite United Way volunteer Board of Directors, who will make the final decision on programs to be funded and in what amounts. All funding decisions are subject to the availability of funds.

Granite United Way reserves the right to accept or reject any proposal, and to waive any minor irregularities in the proposals.

Applicants will be notified as to whether, and to what extent, their proposals were approved in early October.
Appropriate Use of Funds

Funds may be used to pay for costs and expenses directly attributable to the program for which funding is requested. Awards will be paid in six installments, with anticipated payments scheduled for October 2020, January 2021, May 2021, October 2021, January 2022, and May 2022. Continued funding is contingent upon satisfactory progress in program outcomes measurement and compliance with all Granite United Way guidelines, including the long-term requirements.

Long Term Requirements

Funded programs must:

- Keep records of their activities and expenditures related to Granite United Way funded programs and services.
- Organizations are expected to meet programmatic goals. Those who experience challenges should proactively contact their regions' community impact staff, as this could affect an organization’s funding. If appropriate, the agency may be asked to revise projections.
- Carry out the work as submitted in the proposal to the fullest and most effective extent feasible.
- Submit on-line bi-annual reports as outlined in a funded program-reporting schedule.

Any regional questions should be submitted to the following staff:

- **Central Region:** Scoop Welch at scoop.welch@graniteuw.org
- **Merrimack County Region:** Sam Nolin at sam.nolin@graniteuw.org
- **North Country Region:** Nanci Carney at nanci.carney@graniteuw.org
- **Northern NH Region:** Laura Boucher at laura.boucher@graniteuw.org
- **Southern Region:** Aimee Kereage at aimee.kereage@graniteuw.org
- **Upper Valley Region:** Elizabeth Craib at elizabeth.craib@graniteuw.org

Any questions about the online application system should be directed to RFP@graniteuw.org.

Granite United Way: Application Focus Areas

Granite United Way’s Community Impact Grants will provide two years of funding for selected programs to create opportunities to Learn, Earn, and Be Healthy. In the wake of the COVID-19 Pandemic, assuring that our communities have access to these opportunities and supports is critical to recovering from the health, economic, and social challenges presented by this public health crisis. In recognition of these challenges, recipients of Granite United Way’s Community Impact Grants will be afforded additional flexibility for fund use for the initial 25% of funds provided, allowing organizations to address time-sensitive changes necessary for continued recovery as a sector and as a community. Please note that this flexibility does not extend to the use of grant dollars for capital expenditures.

During this grant cycle (fiscal years 2020 and 2021), Granite United Way is seeking partners from across the footprint to address the following needs:

Learn – As our region starts the recovery and rebuilding process, it is essential that families have access to safe, quality childcare as they return to work. Additionally, providing opportunities to improve job training, college and career readiness will be essential as the economy starts to recover.

Examples of the Learn category include, but are not limited to:
- Increase/Maintain Access to High Quality Childcare
- Increase/Maintain Access to In-School and Out of school programs*

Earn – During this recovery and rebuilding phase, it is essential that individuals and families have access to safe and supportive services that ensure basic needs are met and families are kept safe.

Examples of the Earn category include, but are not limited to:
- Increase/Maintain Access to Food
- Increase/Maintain Access to Housing
- Increase/Maintain access to Crisis Supports and Services
- Increase/Maintain Access to Transportation
- Increase/Maintain Access to Legal Supports and Services

Be Healthy – In order to fully recover and start to rebuild, it will be essential to ensure individuals across the footprint can access comprehensive Health Services to support overall wellness.

Examples of the Be Healthy Category include, but are not limited to:
- Increase/Maintain Access to Mental Health Supports and Services
- Increase/Maintain Access to Substance Misuse Prevention, Diagnosis, Treatment and Recovery Services
- Increase/Maintain Access to Critical Healthcare Services

*Please note that grantees of the Southern Region’s Youth Enrichment Partnership are not eligible to apply under this category.
Granite United Way: Request for Proposal Questions

Program Summary
- Please provide a 2-3 sentence summary of your program funding request. Please include a description of your requested ask and what it will fund as well as target population, including age, gender and geographic location (800 characters or fewer).

Statement of Community Need
- Describe the need of the program, including the population and the geographical area served, and identification of any gaps in existing services or programs which would be met through funding this proposal. Please note aspects of the organization or program need that have surfaced or intensified because of the COVID-19 Pandemic. (2000 characters or fewer)

Program Approach & Implementation
- What are the goals of your program? Please be as specific as possible. (1500 characters or fewer)
- Describe your plan for implementation of your program. Please reference alignment to local Community Health Improvement Plans as appropriate. Be sure to include information about ways that collaboration with other partners is utilized for your program. (2500 characters or fewer).

Reporting and Evaluation Process
- What will a successful use of these funds look like? (2500 characters or fewer)
- How will data on the success of your program be collected and monitored? Be sure to name any standardized tools that you use for measurement. (2000 characters or fewer)
- Confirmation of following statement: “I have read the reporting requirements for the focus area selected and confirm that this applicant will collect and report accordingly for each year of funding.” Please see pages 14-16 to review reporting requirements.
- Please use this space to provide information about any additional data collected. (2000 characters or fewer)

Program Budget
Please submit the budget for the program. Please be sure that the budget provided aligns with the following specifications:

- Three years of the program’s budget, not organization budget, should be provided. The second and third year should reflect the projected program budget, including a line item for this year’s funding request from Granite United Way (GUW). The first year should reflect the fiscal year immediately prior to the year reflected in the “second year” column.
- The budget should include a specific revenue line item for the GUW Grant.
- The budget should also include specific revenue line items for GUW Designations that are specifically applied to the program and for grants from other United Ways.

Program Budget Narrative
- How has your agency financially adapted to the COVID-19 crisis since March 2020?
- Which relief funds available for agencies impacted by COVID-19 has your organization applied for and which has it received as of the submission of this application?
- If you receive less funding than requested from Granite United Way, how would that affect program viability? (500 characters or fewer)
