TOGETHER Learn Earn Be Healthy

GRANITE UNITED WAY COMMUNITY REPORT 2018
GRANITE UNITED WAY’S mission is to improve the quality of people’s lives by bringing together the caring power of communities.

1 in 3 New Hampshire residents are engaged with Granite United Way ~ as a donor, volunteer or beneficiary of a program

$14 Million in support delivered across New Hampshire and Windsor County, Vermont

750 nonprofits benefit from the annual campaign

More than $1.2 Million invested in improving public health across 54 New Hampshire communities

16,000 residents lifted out of poverty as a result of the Volunteer Income Tax Assistance (VITA) program
Across our community, there are complex issues we’re working together to solve. Granite United Way helps to convene communities and leverage the support of individuals like you.

Granite United Way continues to lead the way in helping our community learn, earn, and be healthy. We are inspired by our donors, our volunteers, and our partners. Each of you is a game changer in this effort, making a difference in small and large ways.

What does this look like when there are individuals and families in New Hampshire and Vermont who still struggle to move forward? Together, we are able to help them achieve educational goals, maintain stable employment, and make healthy choices in their lives. Last year,

- We invested in critical mental health programs and played an integral role in the Governor’s Commission on the opioid crisis and creating recovery-friendly workplaces
- We focused on improving literacy rates and nearly 500 students improved their reading levels by more than two grade levels
- We answered the call when our 2-1-1 NH initiative officially helped over 1 million people

We are stronger together. We can help solve complex problems together. It takes all of us, and we thank you for being part of this work.

Sincerely,

Patrick Tufts
President and CEO

Sean Owen
Chair, Board of Directors
LEARN TOGETHER

LEARNING FROM BIRTH

Helping someone learn to read, combined with developing math and writing skills, builds a stronger community. Literacy is not only important for individual success, it is also critical to building a solid future for our community. This year, our investments in education are already making an impact:

- As part of the successful West Side Reads program, Granite United Way installed its first Born Learning® Trail at Sweeney Park on Manchester’s West Side. Another component of this initiative was investing in the Reading Plus® program at Parkside Middle School. Today, nearly 500 students at Parkside have increased an average of two grade levels in reading.

- Through our annual #GivingTuesday campaign, we’ve been able to put books in the hands of thousands of children across all of our regions.

- Our investments in early childhood education continue to deliver the strongest results. More than 2,000 children have accessed high-quality childcare thanks to the support of our donors.
One of our greatest achievements is helping individuals and families begin a path to financial empowerment. This year, our investments are improving lives in incredible ways:

• In 2017, 2-1-1 NH officially helped its 1 millionth person. One of those was Melissa, who was on the verge of losing the home she had saved for. “I called 2-1-1. It changed my life. The person on the other end of the phone connected me with New Hampshire Housing Finance Authority’s program and I was able to save my home.” To commemorate 2-1-1 NH’s 10th Anniversary, the 2-1-1 NH website received a makeover. Now www.211nh.org features user-friendly enhancements that connect our neighbors with the most up to date resources available.

• Students from Plymouth State University and Southern New Hampshire University donated their time for the Volunteer Income Tax Assistance (VITA) program, which has helped to lift more than 16,000 New Hampshire residents out of poverty each year for the last three years.

• Across our communities, more than 7,000 pounds of non-perishable items were collected to restock the shelves of local food pantries. In addition to these efforts, funded programs provided more than 4,000 individuals, from children to the elderly, with increased access to food.
CREATE HEALTHY COMMUNITIES

By working together with local nonprofits and other leaders, we can address the complex issues facing our community. Granite United Way investments helped to create a healthy community in many ways:

- Granite United Way serves as the lead for three of the state’s public health networks and also became an early adopter of the Governor’s Recovery Friendly Workplace Initiative, which empowers workplaces to provide support for people recovering from substance use disorder.

- More than $1.3 Million has been invested in mental health and addiction services that are embedded in our communities and are helping those struggling with these illnesses.

- Our investments help to provide free trainings for critical issues like Adverse Childhood Experiences (ACEs) to education and childcare professionals. In addition, our community trainings on Narcan administration are saving lives across many of our regions.
This year, we celebrated our 25th Day of Caring, and it was our largest one to date. Volunteers across all of our regions donated their time, and an unparalleled dedication to local nonprofits.

- **2,000 + Volunteers**
- **7,000 Volunteer Hours**
- **167 Projects Hosted by 84 Nonprofits**
- **$178,640 in Value to Local Nonprofits**
For the second year in a row, the Stebbins Family offered a $25,000 “Get on the Bus” Challenge Match to encourage new workplace campaigns and corporate gifts. Participants each year are treated to a New England Patriots game at Gillette Stadium, complete with complimentary transportation and a reception hosted by Mark and Sally Stebbins. Below are the companies that got “on the bus!” this year:

Burndy, a Hubbell company  
with locations in Lincoln, Littleton, Londonderry and Manchester  
Checkmate Payroll Services  
Comet Auto Sales  
Communications Construction Group  
DEKA Research and Development Corp.  
Eckman Construction  
FEEDNH.org  
Great NH Restaurants’ Charitable Trust  
Geokon  
Gorham Paper & Tissue, LLC  
King Painting, Inc.  
Martignetti Companies of NH  
Percy’s Appliance  
Pitney Bowes  
Precision Valley Communications  
Rise Private Wealth Management  
Sanborn, Head & Associates, Inc.  
Sunrise Labs  
TriWire Engineering Solutions, Inc.

Collaboration is the key to getting things done, and organizations across the North Country are demonstrating that in a big way.

They’ve organized a team known as “Working Better Together.” Granite United Way recognized that having a regular forum where nonprofits and invested groups can convene is essential for strengthening the community fabric of our rural communities, and we are dedicated to supporting the process. “Working Better Together” is an open group that encourages nonprofits and local stakeholders to meet regularly so that they may stay informed about what is happening outside and around them in the community.

“We have been able to grow our ‘Working Better Together’ lunches, drawing local nonprofits to share resources and build collaborations. I know that working together will continue to offer North Country residents access to important programs and services,” said Peter Christnacht, Executive Director at Copper Cannon Camp.

One meeting can have up to 40 agencies represented and each organization gets the opportunity to share their news and updates with the group.

“This opportunity offers nonprofits a platform to share needs, resources, and ideas, as we all work together to support our community.” said Sara Shovlin, Executive Director of the Boys & Girls Club of the North Country.
ACROSS OUR COMMUNITIES

CENTRAL REGION
- Over 2,600 residents met their basic needs and built financial stability through funded partners and Granite United Way initiatives.
- Whole Village Family Resource Center installed solar panels through a partnership with Plymouth Area Renewable Energy Initiative (PAREI) and Bridge House. The energy efficiency project was funded in part by CDFA tax credits, and has already saved thousands of dollars which will be directed to services for families in the Greater Plymouth area.

MERRIMACK COUNTY
- Free trainings have been offered in Merrimack County to address Adverse Childhood Experiences (ACEs) for professionals working with young people.
- Over the past few years, 44 educational events have been conducted in Merrimack County, dispensing 637 no cost Narcan kits, educating over 1,000 people on the life saving option.

NORTH COUNTRY
- Senior citizens had access to a wide range of programs in the North Country that focused on developing more enriching environments and increasing their independence.
- The Volunteer Income Tax Assistance (VITA) program helped North Country residents access $276,652 in federal refunds, including $60,358 in Earned Income Tax Credit.

NORTHERN REGION
- Over the past year, students using the Reading Plus® online literacy program at Berlin Middle School have increased their literacy skills by an average of 2 grade levels.
- The Northern Region secured more than 6,000 pounds of food for local food pantries during the Letter Carriers’ Stamp Out Hunger event in 2018.

SOUTHERN REGION
- Over 600 students are engaged in the Reading Plus® online literacy program at Parkside Middle School. More than 200 of those students went from being off-track to on-track, increasing an average of 2+ grade levels.
- The South Central Public Health Network has developed a substance misuse prevention resource guide for 10 communities in the Greater Derry area. They also partnered with local police to collect 1,533 pounds of prescription drugs in 8 towns.

UPPER VALLEY
- Work United, an employer collaborative dedicated to improving workplace productivity and financial stability for employees formerly known as Working Bridges, continues to grow with 10 Champion companies engaged. This year, the Work United team helped nearly 2,000 individuals in the Upper Valley.
- Through our volunteer-led funding process nearly 400 openings have been accessed by local families at four early childcare and education centers.
Alexis de Tocqueville Society

Granite United Way’s Alexis de Tocqueville Society is the foundation for giving in our community. We are grateful for each of these members who invest $10,000 or more annually through their United Way gift.
