

# GRANITE UNITED WAY LEADERSHIP GIVING SOCIETY STEP-UP PROGRAM

Reach a new level of giving over three years through the Granite United Way Leadership Giving Step-Up program. You can make a commitment now to incrementally increase your annual gift to Granite United Way and be recognized at the full giving level from year one.

## LEADING THE WAY

Giving to Granite United Way is powerful because we combine your gift with thousands of others to invest in the best work, happening at the best organizations, achieving the best results. That's how change happens. Donors giving at a Leadership level of \$1,000 or more inspire others to join them in providing hope and opportunities to individuals and families in need.
