

WE ARE HERE.

This is our opportunity to help
the Northern Region community

Learn, Earn and Be Healthy.

Granite United Way

A gift to Granite United Way will respond to needs across the Northern Region and ensure access to important programs and services our neighbors rely on.

You have known Granite United Way as a trusted partner helping people Learn, Earn and Be Healthy across New Hampshire and Windsor County, Vermont. By working together, we create opportunities to address our community's most critical needs.

We are here to answer the call, 24 hours a day, 7 days a week at our 211 NH information and referral call center.

We are here to help our youth advance their leadership and literacy skills that will be the foundation for lifelong success.

We are here to provide supports to individuals and families who are striving to build financial stability.

Delivering Impact

It is incredible what we can do together.

Every donor dollar in the Northern Region delivers on Granite United Way's promise to leverage those investments in the most efficient ways that will provide a lasting impact on our community. These are just a few of the ways we've been working together to help our neighbors Learn, Earn and Be Healthy.

Fueling our Families

The COVID-19 Pandemic has financially impacted thousands of Granite Staters. When Berlin's Community Café needed to convert their weekly meal service to a takeout service while tripling production to meet community need, Granite United Way and its volunteers were there to help, preparing and packing meals and delivering them curbside to Northern NH families.

Community Clean Up

Berlin's downtown is looking even more beautiful this spring, thanks to Granite United Way's partnership with the Berlin Main Street Program. A team of 20 local volunteers addressed many outdoor beautification needs this spring, weeding and planting flowers in local parks around town.

Connecting in Crisis

Granite United Way's COVID-19 Relief Fund has helped thousands of people across our state to meet their basic needs during the pandemic. In Northern New Hampshire, AHEAD has connected with local nonprofits to help clients who needed assistance accessing food. These partnerships highlighted the important relationships that our non-profits have with those in need, as well as their creativity in solving big problems together. "Granite United Way is a valued partner to Family Resource Center because they align with our mission to build healthy families and strong communities." Patti Stolte, Executive Director, The Family Resource Center.
