## WHY SHOULD PEOPLE GIVE TO GRANITE UNITED WAY?

### We're local.

Funds raised here, stay here.

### We're accountable.

Our Community Investment volunteers treat your investment with care. They spend thousands of hours reviewing programs, making site visits, analyzing budgets and determining the success of a program before making a decision on how much that program is awarded through our annual grant process. Programs must meet strict guidelines and prove to volunteers exactly how they improve lives. This investment strategy enables us to be sure we are doing the most with donor dollars.

### We're efficient.

In order to keep costs low, we rely on hundreds of volunteers to help us raise money for local programs by asking employees, businesses and individuals to contribute.

### We're effective.

Granite United Way is committed to creating long lasting change by addressing the underlying causes of our community's problems. Your Granite United Way contribution funds LOCAL programs that are focused on the building blocks of a better life - *education, income and health.*
