

FUTURE FOCUSED: GIVE TODAY

OUR COMMUNITY NEEDS US RIGHT NOW

Our neighbors are facing challenges every day - Granite United Way engages thousands of donors & volunteers to ensure our communities can learn, earn and be healthy.

WE ARE COUNTING ON YOUR SUPPORT

No single organization can do this alone - it takes all of us to drive change in our community. Your support is directed to hundreds of nonprofits who meet immediate needs and build capacity for long-term change. We are launching a responsive grant making process to better serve the local partner agencies who know our community best. This includes mobilizing 4,000+ volunteers each year to reinforce those nonprofits.

YOUR GIFT TODAY ENGAGES THOUSANDS

Giving to our community through Granite United Way is a solid investment - your gift will provide access to affordable housing, early childhood initiatives, financial empowerment, and mental health & substance use services. We know the needs are there - in 2023 our 211 NH call center responded to over 142,000 inquiries for help. **Together, we will leverage your support with the support of donors, volunteers and community leaders to improve lives.**

IMPACT ACROSS THE CENTRAL REGION

EMPOWERING FAMILIES BUILDS A STRONGER FUTURE

Together, we can create opportunity and drive change in the Central Region.

Granite United Way and its team of volunteers recognize the importance of empowering families across our community. Partnerships with organizations like Lakes Region Community Services (LRCS), which supports individuals and families living with developmental disabilities or acquired brain disorders, enhances the quality of life for all of us.

We are proud to partner with Lakes Region Community Services. Their focus on providing respectful, non-judgmental services that help hundreds of families build resiliency, make positive connections, and prepare their children for ongoing success is creating generational impact.

In addition to individual agencies, our partnership with Family Resource Center of NH is dedicated to empowering families. The Family Resource Center of Central New Hampshire has used Granite United Way donations to support families through parent education, home visits, and local support events. Granite United Way's Whole Village Family Resource Center, located in Plymouth, works in tandem to offer critical programs including parenting classes, family-centered events and child play groups.

Granite United Way works with many people, businesses, and organizations to identify and resolve pressing community issues. When you give to Granite United Way your support strengthens partner agencies like Lakes Region Community Services and is pivotal in helping to build stronger, more resilient communities.

“Our partnership with Granite United Way is critical in meeting the needs of our families and being flexible in what those needs are.”

- Erin Pettengill, Lakes Region Community Services
