

FUTURE FOCUSED: GIVE TODAY

OUR COMMUNITY NEEDS US RIGHT NOW

Our neighbors are facing challenges every day - Granite United Way engages thousands of donors & volunteers to ensure our communities can learn, earn and be healthy.

WE ARE COUNTING ON YOUR SUPPORT

No single organization can do this alone - it takes all of us to drive change in our community. Your support is directed to hundreds of nonprofits who meet immediate needs and build capacity for long-term change. We are launching a responsive grant making process to better serve the local partner agencies who know our community best. This includes mobilizing 4,000+ volunteers each year to reinforce those nonprofits.

YOUR GIFT TODAY ENGAGES THOUSANDS

Giving to our community through Granite United Way is a solid investment - your gift will provide access to affordable housing, early childhood initiatives, financial empowerment, and mental health & substance use services. We know the needs are there - in 2023 our 211 NH call center responded to over 142,000 inquiries for help. **Together, we will leverage your support with the support of donors, volunteers and community leaders to improve lives.**

IMPACT ACROSS THE NORTHERN REGION

PARTNERING TO BRING RESOURCES TO OUR NEIGHBORS

Food insecurity in Northern New Hampshire is a serious issue affecting many individuals and families.

According to a report by Feeding America, an estimated 10.6% of the population in Coos County, which is located in Northern New Hampshire, is food insecure. This means that **approximately 3,440 individuals in Coos County are experiencing hunger** or do not have access to enough nutritious food to maintain a healthy and active lifestyle.

In addition to Coos County, other counties in Northern New Hampshire, such as Grafton and Carroll, also have food insecurity rates above the national average. Many factors contribute to food insecurity in the region, including high poverty.

Fortunately, Granite United Way collaborates with many organizations like food banks, food pantries and meal programs that address food insecurity in Northern New Hampshire. These organizations rely on donations and volunteers to help provide food assistance to those in need. Some of our local partners include:

- **The Community Cafe provides an opportunity** for individuals, families, seniors, veterans, and anyone in need to receive a home-cooked meal.
- **The Feeding Hope Food Pantry offers a free food resource** in a safe and friendly environment to individuals who are food insecure.

Granite United Way works with a broad range of people, businesses, and organizations to identify and resolve pressing community issues. When you give to Granite United Way your support strengthens our partner agencies and is pivotal in helping to build stronger, more resilient communities.

“As the largest food pantry in Coos County, it’s because of Granite United Way’s help that we are able to do the things that we do in the community.”

- Greg Swift, Community Cafe & Feeding Hope Food Pantry
