

9TH ANNUAL COMMUNITY BABY SHOWER

IN APPRECIATION TO

Thanks to our sponsors

Thank You For Making A DIFFERENCE

The Annual Greater Seacoast Community Baby Shower supports new and expectant parents experiencing economic hardship by connecting them to maternal and early childhood education and resources.

Many of the resources put in place to help these families during the COVID-19 pandemic will soon be reduced to pre-pandemic levels. This, in addition to the inflation we are all experiencing, will hit many of our young, growing families extremely hard.

With generous support from our community, this year's Community Baby Shower helped 250 families in the Greater Seacoast Region!

\$26,626 in donations

25,278 diapers donated

18,956 wipes distributed

Thanks to caring and compassionate supporters like you, we helped ease the burden on our region's young families in need by providing access to baby basics and early childhood necessities for their little ones.
