

DRIVING IMPACT IN THE NORTHERN REGION

GRANITE UNITED WAY is working with individuals and organizations across each of our communities to drive impact. This year, thanks to the support of our generous donors, we are delivering over **\$97,000 in support across the Northern Region.**

“Granite United Way is one of our community’s most important assets. I have seen first-hand how the gifts to the Northern Region are impacting the lives of our neighbors. One of the most rewarding examples is the positive change in our schools; students who had been struggling with literacy now have access to programs that are improving their skills and setting them up for success!”
