SOME IMPORTANT TAX LAW CHANGES THIS YEAR:

- ▶ Unemployment Insurance (UI) is taxable income. This includes the \$600 weekly supplemental UI payments provided through Covid-19 relief. This does not count as earned income, but may affect the Earned Income Tax Credit.
- ▶ You can use 2020 or 2019 earned income (from last year's return) to calculate the more favorable Earned Income Tax Credit and Child Tax Credit
- ▶ There is a new Recovery Rebate Credit to reconcile with Economic Impact (stimulus) Payments most people received as an advance during 2020. You can file a tax return to claim additional stimulus money!

Volunteer Income Tax Assistance is a **FREE** tax preparation program designed for low-to-moderate income households with an income of \$57,000 or less.
